### OVERVIEW OF PERFORMANCE EVALUATION

The University Commons and Event Services Performance Evaluation is a tool used to assess the professionalism and performance standards of each student employee. Students will develop a heightened understanding of themselves and others as they participate in various experiences to build their knowledge of professional standards and expertise. Based on their experiences and role within University Commons and Event Services, students will learn to communicate in an articulate and positive manner, act with integrity, and expand the boundaries of expectation toward a standard of excellence in their student employment. Additionally, the UCES Performance Evaluation is a tool used to assess each student's strengths and areas of potential growth. Over time, this tool can also be used to track professional growth and development, as the tool promotes goal-setting between the student employee and their supervisor. The intention is that setting and meeting these goals leads to transformative professional development and career readiness.

#### Scoring Guide for Student Employee Evaluation

Each rating is based on the student's professionalism within their current position(s) over the last academic semester. All ratings are based on the job performance, as it relates to the job requirements and expectations outlined by the supervisor(s) for that specific position. Each supervisor is required to meet with their employee to discuss this assessment.

**35 – 40: Exceeds Expectations**

**34 – 30: Meets Expectations**

**23 – 29: Developing Towards Meeting Expectations**

**22 – below: Needs Significant Improvement**

## SECTION 1: REFLECTIVE THINKING CHECK-IN

**Directions:** Discuss the following questions with your students to check in on how they are doing and to promote reflective thinking.

### OPENING QUESTIONS

1. How satisfied are you with the impact you make in your role?

- I am good and fairly satisfied, but I can do more

2. What about your work or area of focus motivates you the most?

- The people, helping students and doing different tasks

3. What is one expectation you have of yourself right now?

- I want to be an expert at service desk

## SECTION 2: PERFORMANCE EVALUATION

**Directions:** Place a check in the column that best describes your work performance in each foundational skill. Then, list any comments, goals, and/or improvements applicable to the corresponding area of professionalism. Finally, provide a final score to the student in the category. Provide them with an opportunity to ask questions, express concerns, or challenge their scores.

### PUNCTUALITY
